SYSTEMIC
SAY YES TO STEM IN THE CLASSROOM

Public and private funded **projects**, **non-governmental** and **governmental organisations**, **companies**, **universities** and **schools** active in STEM education are cordially invited to join this call for action for the STEM Discovery Week 2019!

Building on the success and experience last year's STEM Discovery Week, this edition focuses on "**best practices in using innovative STEM resources**" in educational activities or actions. Educational stakeholders are strongly encouraged to organise learning activities or actions and to have them featured on the STEM Discovery Week map of activities and actions!

Become a partner of the STEM Discovery Week 2019

To become a partner of the STEM Discovery Week, you must first associate your organisation or school with the campaign, by following the step-by-step instructions of our web guide.

DOWNLOAD THE
WEB GUIDE HERE

Once the information is published, you can apply for partnership by completing the online form included in the web guide. As a partner of the STEM Discovery Week, you will have your:

- Logo and web link published in a web banner in support of all partners involved in the campaign.
- Activity or action published on a map in support of all partners.
