

STEM DISCOVERY WEEK 2018

CORNELIA MELCU, ȘCOALA GIMNAZIALĂ NR. 9 „NICOLAE ORGHIDAN” BRAȘOV, ROMÂNIA

From 26th and 30th of March an event dedicated to STEM education was organized for young students – aged 10.

For five days, the students visited companies, met engineers, doctors or scientists, made experiments discovered on Scientix Resources and created posters.

Stem Discovery Week 2018, Cornelia Melcu, 22nd-24th of June 2018, 23rd Science Projects Workshop in the Future Classroom Lab (SPW@FCL), Brussels

The winning activity
