

Klaipeda Sendvaris progimnasium  
integrated history, mathematics, theatre lessons  
**ON A WAVE**

**Students at the Museum of Minor Lithuania was introduced with the old XIX-XX centuries. photos, found out the old names of the parts of the ship.**

**Students had to find the center of their basses of the ships, to make their own sails and to calculate their area.**

Created short shows with the help of the shadow theater, sand.
