available. In fact, in this review, we are going to delve into everything you need to know about The Book of Ra . So, start taking some notes! 1. Book of Ra Deluxe Slot Machine for Free 2. Book of Ra Deluxe - Paylines and Bets 3. Book of Ra - Download for Free - Final Remarks. 1. Book of Ra Deluxe Slot Machine for Free. For starters, this game features 5 reels with the classic version offered over 9 pay lines. That said, it has really grown in popularity no wonder a new version was launched, better known as The Book of Ra Deluxe or The Book of Ra Online Slot Machine . It is set on ancient Egypt themes with symbols such as the “Indiana Jones” type archaeologist, Pharaoh, Cleopatra, a Scarab, a symbol known as the golden Book of Ra coupled by classic symbols like the Ace, Queen, King, Jack 10. The game essentially takes you through the mysterious ancient Egypt where you are an explorer searching mythological treasurers. Basically, the goal is to fill up two to five alike symbols from the left to the right on adjacent reels. In this case, the Golden Book of Reels is sort of what a Joker is in cards or in other words, it can be the alternative to all the other symbols when completing the playline. But is there Book of Ra online real money version available anywhere? On normal occasions, the Symbols must be on adjacent reels but the scatter symbol doesn't have to. Again, here the Golden Book of Ra symbol also functions as the scatter symbol. This means that there need to be only 3 or more symbols spread on the reels to get bonus rounds. 2. Book of Ra Deluxe - Paylines and Bets. There isn't a fixed number of playlines in this game with a player being allowed to activate 9 play lines or 10 depending on the version of the game they are playing. Moreover, the bet lines are adjustable and they can be tweaked at any time when playing Book of Ra online slot machine game . The least bet will be relayed at the bottom of the screen at the onset of the game while there are buttons you can use to adjust the bet. You can also use the screen to check the bet per spin. This is computed as follows: the bet per line multiplied by the number of lines activated. So if for instance you activate 10 lines at 0.05 euros per bet line then the total cost would be 0.50. The bonus features are perhaps one of the key reasons why the Book of Ra Slots Machine is quite popular among players around. The bonus feature is triggered when you have 3 “Golden Books” Scatter symbols anywhere on 5 reels. Whenever the symbols appear for the first time on the screen then you will get 10 free spins plus Special Bonus Expanding Symbol that can be leveraged for free spins . It gets even better as there is no cap on the number of re-spins a player can get not to mention that stakes with the free spins are the same as the ones on the entire game. There is also a special bonus expanding symbol that appears before free spins. If this symbol appears on the screen 2, 3, 4 or 5 times during those free spins then the value of the bonus symbol is multiplied by the pay lines. Another very attractive feature is the gamble feature where a player is given the chance to pick from either red or black of the next card from a virtual deck of cards. If the player picks the right one then they can increase their earnings. The gamble button will usually appear if a player wins a spin. 3. Book of Ra - Download for Free - Final Remarks.
