Free Spins every hour Free Spins for watching a video Free Spins as gifts from your friends Free Spins when you bring in new friends Free Spins when you complete a card set Free Spins for bugs Free Spins in events Free Spins in Viking Quest Free Spins from Sea of Fortune Free Spins from your team Free Spins from offers Free Spins from Thor's wheel Free Spins from Facebook and Instagram Free Spins from the daily gift Free Spins when you complete a village Free Spins when you win a tournament Don't play for a long time. Free spins every hour. When playing Coin Master and your spins go below 50 spins (or 60 or 70 up to 120 spins, depending on how many spins you can stock) you get new spins. These are 5 or up every hour. If you reach your maximum spins you don't get extra free spins every hour. Free spin for watching a video ad. If your number of spins get below 10 you get the opportunity to watch a video ad for an extra spin. You can get a maximum of 5 spins this way, but only if you don't get above 10 spins. These ads take about 30 seconds each and are useful when you are on the edge of buying a chest of building in your village. Free spins gifted from friends. If you connect Coin Master to Facebook and you have friends playing also you can send each other every day 1 spin. There can be a maximum of 100 friends in you account, so you can get up to 100 spins every day. But only if your number of spins is below 50. NB. If you have a lot of friends then they can also attack and raid you. If you just started to play than spins are more important because you need to get started, but after a while having a lot of friends can work against you. Free spins for adding new friends. If you get a friend to go and play Coin Master too you get a reward for that. This reward is a new friends chest. This chest contains spins and coins. If your friend connects via Facebook you get an extra 150 spins. The number of spins you get from adding a friend depends on the village you are at. The higher the village, the more spins you get. To get these spins your Facebook friend cannot have a Coin Master account already and must be invited by you via your Coin Master account. It is said that the maximum number of friends you can invite is 150. The spins are added to your total no matter how many spins you already have. Free spins with card set completes. If you complete card sets you get rewards. These rewards always include spins. If you wait until Set Blast you get even 30 to 50% more rewards. So a big tip from me: in every village buy a lot of chests! Since a few months you also have seasonal card sets. These are only available for like three weeks. They give you an opportunity to get even more free spins from card sets. Free spins gifted from Coin Master. Sometimes there is a bug in Coin Master in which you lose spins for nothing. If you claim your loss through the Coin Master Support button in the app it might happen that you are rewarded some 10 spins or coins. It helps if you have a screenshot that shows your loss. Free spins in events. During raid, attack and symbol events you get spins or other rewards if you complete the missions. The more you advance in the game the higher the rewards. In Attack Madness the highest rewards is sometimes even 250.000 spins or higher. Play wisely in these events so you don't lose all your spins for nothing. A regular feature in Coin Master is Rewards mania. These feature is in normal events, but only for a small time. In this time if you complete missions you don't only get the reward that is normal, but you also get extra coins or spins. Extra spins in Viking Quest, Snow Quest or Desert Quest. In Viking Quest you have 10 stages in which you get rewards for finishing the stage. Most stages give you spins as a reward. In the last stage you get usually 5000 spins as a reward. It takes a lot of coins to finish this stage so you'd better be fully stacked with coins! But when completed you don't get like 6000 extra spins, you also got 2 new gold cards!

Viking Quest is also known as Desert Quest or Tribal Quest. These events work the same way. Free Spins from Sea of Fortune. Sea of Fortune is a side event in which you can win an awful lot of rewards. That is, when you are lucky. In this side event you have 4 chests to choose from. In three of them you find a reward, in the fourth there is a squid. If you find a squid you can choose from 2 options: the first is to pay a lot of coins to proceed and the second is to stop and lose all your winnings. You have to find for yourself which option is best for you. Free Spins from your Team. If you join a team there are 2 ways you can get free spins in Coin Master. First you can ask your team mates for free spins. That is possible for 10 spins (2 each from 5 friends) every 8 hours. A better way to get free spins is when you participate in the team chest events. Together with your team mates you can get points. When you get enough points chests are upgraded for even more Free Spins. The threshold to participate in team chests is usually 1000 – 1200 points, which you can get from attacking and raiding. A last amazing feature in Teams when you are in pursuit for free spins is to ask your team mates for cards. They can help you complete your card sets. Free Spins from offers. It seems a little off, but in some offers you can get freebies. A small amount of spins, coins and xp are available until the moment you have to pay. So take them as they are free, but beware that you stop clicking on offers at the moment you have to pay for them. For example, be careful when you open the Piggy Bank. You collect spins for this while you play, but if you want to open it you have to pay. Free Spins from Thor's wheel. Thor's Wheel is a powerful new feature in Coin Master. In a period of about 100 hours you can collect chips to play Thor's wheel. This wheel has all kinds of rewards on it ranging from spins and chests to event. In order to get the spins from Thor's wheel you need to collect tokens. These can be found in events. Since the rewards are this big, you can use some extra spins just to get an extra token. Wait to play this event until you have like a minimum of 15-30 tokens. Do this, because with every spin on the wheel the rewards get bigger. Free Spins from Facebook and Instagram. Moon Active gives you daily free spins from their Facebook and Instagram account (and their Twitter account too). Of course you can find these on our site as we collect them for you. But if you want to read some more about this, just check out this article about Facebook and Instagram. This article shows you how Moonactive distributes the free spins links and how you can get them. Coin Master Free Spins in daily gifts. During some periods Coin Master opens the option to get daily gifts. You can find this on the page where you can buy offers and chests. The rewards from the daily gifts are coins and spins. These Free Spins will help you definitely. These free daily gifts usually are not that big. But hey, they are free, so, make sure to use them to your advantage. Free Spins when you complete a village. Every time you complete a village you get rewards. These rewards are spins, coins and a chest. If you complete a village during Village Master you get even more rewards. The extra number of free spins can get up to 1000. That means it is definitely worth while to just wait for this event to complete your village. Another great event to use when you are building your village is Build Rush. This event gives you points for building and repairing village items. Rewards in this event are spins, coins, chests, pinata's village mania and sometimes the Sea of Fortune. Free Spins when you win a tournament. If you end up in the first ten places of a tournament you enter you win a reward. In almost all cases you win some or a lot of spins. Okay, winning a tournament isn't easy and it will cost you a lot of spins, but if you play events the right way you might end up winning in the event and get the extra free spins from the tournament. Don't play for a long time. If you decide not to play for a long time Coin Master desperately wants you back. Therefore they added two events. You only get these events when you have not played for several months. These events are the Welcome back Boost and the Back in Business Kit. A lot of free spins, coins, and side events to get you going again! Other things you need to know about Free Spins. What do the stars mean in Coin Master? The stars in Coin Master are not related to the free spins links. The stars in Coin Master give you a place on the leader board. The more stars you have, the higher you get on the Leader board. You earn stars by building village items or upgrading your pet. Free Spins promo code. You can use the Free Spins Links in Coin Master also as promo codes. If you play on you like the game more and more. And it benefits you too, since you advance more quickly in the game. But be careful. Use only the Coin Master Free Spins Promo Codes you find on this page. They are tested and valid. You cannot create your own coin master free spins today daily links. Neither can I. I am just a fan of Coin Master and collect official links. Sometimes people ask if I can create free spin links to give to friends. No, you and I cannot create our own Coin Master links. The only

thing you can do is give your friends a daily spin. This is nice for friends who started playing a short time ago, but if you are playing for a while one spin won't help you. So be careful to add too many friends for free spins since they give you 1 spin a day, but can raid you for millions of coins. For our International readers who play Coin Master.
