Crazy Time. Why is Lauren Steele being followed around by a mysterious red-haired ghost? Why is the Pentagon after her? And why doesn't anyone believe her? As a psychologist at the Waycross Clinic in Seattle, she has enough problems. Her clients never seem to listen to anything she says, and her co-workers could use extensive counseling themselves. The last thing she needs is an obnoxious figment of her own imagination showing up at the least opportune moments. But Daniel ("Corky") Corcoran is actually the victim of a fault experimental laser, having been accidentally "dispersed" when the device

misfired during a demonstration. He has literally gathered his wits about him by focusing on the last person he saw - Lauren. The trouble is, Corky's attempts at communication only convince Lauren that she is going crazy. Add to this one paranoid colonel from the Pentagon who is convinced that both Corky and Lauren are Soviet spies, and you have a mix of zany and colourful characters caught up in a plot that is quintessential Wilhelm.
