Crazy Time game website. Crazy Time is not just an average online game in casino. This is game show and a popular slot with a money wheel of luck, which resembles the well-known wheel of fortune. The dealer spins a large upright wheel with 54 sectors. The goal is to guess the sector where the wheel will stop at the end of the rotation. No computer algorithms. No cheating. Only chance and luck! Crazy Time is a casino classic game . A game that is loved by millions of players around the world and every year it is consistently included in the list of the most popular slots in various online casinos. In addition to this,

there is a video slot on top, which makes it possible to receive certain bonuses. In the case of Crazy time, the game is played by the croupier, which creates an unrivaled atmosphere of a real casino. The main difference between the Crazy Time slot is that there are various bonus sectors that represent individual mini-games that bring very huge winnings to the winners. The essence of the online slot Crazy Time. The rules of the Crazy Time game are not difficult to remember. So, remember the main points: The whole drum is divided into 8 groups. Some of these 8 groups are win multipliers (x1, x2, x5, x10), others denote mini-games (Cash Hunt, Pachinko, Coin Flip and Crazy Time). Bets can be placed on one or all cells or certain of them. In this case, the amount of the bet for each of the cells can be configured separately. There are much more bonus sectors with usual multipliers, so x1 - 21, x2 - 14, x5 - 7, x10 - 4. Accordingly, they appear more often. At the beginning of the game, the dealer accepts bets from the players and, as soon as the bets are made, spins the reel. At the same time, the video slot starts spinning. It adds a multiplier to one random sector: either a number or a bonus game. If the multiplier and the sector coincide horizontally after the spin, then the multiplier is activated; otherwise, the round goes without a bonus. The drum then stops. The winners are those players who guessed with the bet, that is, whose bet played. The history of the sectors that have played can be viewed in the lower right corner of the game screen. You can watch the game Crazy Time for some time without placing bets and familiarize yourself with the rules. This is convenient because it will give you the opportunity to better study the features of an online game. Since there is not demo version of the game, this is a way to go. Bonus games in the Crazy Time slot. Each bonus sector is a separate mini-game. Crazy Time bonus minigames bring you the biggest wins. There are four of them in Crazy Time: Cash Hunt; Pachinko; Coin Flip; Crazy time. The difference is in the number of sectors on the drum. Cash Hunt and Pachinko each occupy 2 sectors on the reel. Coin Flip has 4 sectors and therefore has the highest chance of being dropped. However, the main bonus game Crazy Time is 1 sector, that is, the minimum chances of falling out in comparison with others, but provides the maximum win. Cash Hunt. The Cash Hunt minigame is a 108 random multiplier field. For the allotted time you need to choose one of them. At the end, a signal sounds to determine the final amount. Pachinko. After Pachinko drops out, a wall with many stakes appears on the screen. There are 16 values at the bottom, each of which is a multiplier. The croupier launches the ball and, depending on where it falls, determines the final win. The maximum multiplier is x10,000. Coin Flip. Coin Flip is like playing a coin. The screen displays two circles - blue and red, on which the winning multiplier is randomly determined. The croupier launches a chip colored in them. A win or a loss will be awarded depending on the side drawn. The default maximum multiplication is x100. Crazy Time. After Crazy Time drops out, the croupier moves to a separate room with an even larger wheel. The player needs to choose one of the 3 markers on top of the reel. It is necessary to catch the multipliers as many times as possible by choosing one of the labels. The maximum bonus in the Crazy Time mini-game is x20,000. Video Slot. It is worth remembering about the video slot. If before that a multiplier for one of the bonus games fell in the video slot, then the winnings will be increased according to its face value. This is an amazingly huge amount of money to be won in Crazy Time online slot. Useful information about Crazy Time. Some useful information about the online game Crazy Time, which will definitely come in handy if you decide to play at an online casino for real money: Maximum video slot multiplier - x50. Maximum multiplication for 1 bet: x20000. This is the case for the Crazy Time bonus game with Double / Triple functions. Range of rates from 0.1 usd to 100 usd. The luckiest players can win up to 500x their bet. The main differences and peculiarities of the Crazy Time game. The game is a virtual casino with a live dealer. Players place bets on sectors and the leader spins the reel. Those who guessed the dropped out sector win. Various tactics can be used in the game. Due to the large multipliers that can appear on the reel, the winning amount can increase several times.
